***"A smile can brighten your darkest day!"***

-Author unknown

The Essex County Dental Society (ECDS) is working on bringing more smiles to people in the world by raising money for New Jersey's Dental School (NJDS) oral and maxillofacial surgery residency training program which provides care to patients through their busy Hospital Clinic, Craniofacial Center and their Dentofacial Deformity program in Newark and cleft humanitarian missions abroad. With the objective of raising money to help fund these very worthwhile projects, the ECDS is planning a fundraiser on May 6, 2011 at the Westminster Hotel in Livingston, NJ. A Casino Night theme is planned where 150 – 200 Essex County dentists, their families and staff will gather for dinner, gaming and a chance to win terrific prizes. This is where you can help!

Please consider donating an item or service that we can auction off the night of the event. Your name will appear in the evening's program and a thank you letter will be sent to you from our organization in recognition of your generous donation. The dedicated and hard working surgery residents at NJDS perform miracles on needy patients almost every day. Won't you help us bring more smiles into the world?

If you are interested in donating an item or service, please feel free to contact your Essex County Dental Society member listed below or email Dr. Jay Sher, President of the ECDS at [jsherdds@jsherdds.com](mailto:jsherdds@jsherdds.com).

Thank you,  
The Casino Night Committee
